School of Expression

TRAINING FOR MIND, BODY AND VOICE

Courses for Speakers, Teachers, Readers, Dramatic Artists and all Professions. Special Courses Saturday Evenings

"For years the work of this school has attracted the interested attention of earnest scholars and leaders of thought who appreciate the importance of an institution where the great fundamental laws of expression are so elucidated as to lift the curse of ignorance and charlatanism from the noble art of public speaking."

Editor B. O. Flower, in the "Arena" for July, 1908.

"There are few American teachers————of speaking————who will not testify to the soundness of his methods and his almost fanatical devotion to ideals in his art."

Shailer Matthews, in "The World Today." February, 1908.

If you have any trouble with your voice, or believe in the harmonious training of mind, voice and body, or wish culture in any phase of literature, call and investigate. One of the teachers will be in attendance daily, from 9 to 5. Catalogue and the two articles quoted above sent on appliion.

FOREWORD

One of the most useful, almost indispensible books for the office, manufactory, shop, railroad stations, steamboat lines and last but not least the household and business world, is the Directory, without it, much valuable time is lost, to say nothing of the loss of one's patience looking for a name,a number, the location of some street or society, or for any other of the items which, with the aid of a Directory, can be found at a moment's notice.

In this issue of the Cambridge Directory, our canvass has been thorough and painstaking, although the correctness of our information, rests largely with the people, who sometimes under-estimate the importance of the items asked for and occasionally refuse them entirely. We believe this book will be found as accurate as care and skill, under the given conditions, can make it.

The patronage of the public for our advertisers, who reperesent the pluck and energy of the business men of the city of Cambridge is solicited. You will find them always willing and anxious to accomodate you to the best of their ability.

Trusting the citizens in general will co-operate with us in our future efforts to furnish a book full of useful information, we remain

Respectfully,

W. A. Greenough & Co.

"The Best of Everything for our Students at Lowest Cost"

The following points are worth careful consideration by the young man and woman contemplating a course, and by the business man needing trained help.

1. **THE PROPRIETORS ARE TEACHERS:**---men of national reputation, and acknowledged success.

2. **COURSES OF STUDY**---Prepared by successful teachers and experienced business men.

3. **INDIVIDUAL INSTRUCTION.** Each student progresses as rapidly as his ability will permit.

4. **LOCATION AND EQUIPMENT**---The best equipment that money can buy, and elegant quarters in one of the best buildings in Greater Boston.

5. **OUR WORD OUR BOND:** we make our word good in every case.

6. A position for every graduate and competent student. The demand upon us for thoroughly trained stenographers, bookkeepers and other office help exceeds the supply.

INSTRUCTIONS TO KEY HOLDERS

Alarms to be given from the box nearest the location of the fire

Do not give an alarm for a fire seen at a distance, unless assistance is called for

To give an alarm open the door, pull the hook to the bottom of the slot once and let go. Each box contains a small bell, which, if heard before you pull indicates that an alarm has been previously given, and by listening at the box you will learn the number of box from which the alarm is given, but in no case will you pull the hook while the alarm is striking. After giving the alarm remain at the box so as to direct the firemen to the fire. Be sure that you lock the box before leaving it

Citizens are requested to inform themselves where keys to the signal boxes are kept, signs suitably inscribed being placed over each box giving the requisite information

First alarm will be given by striking two or more rounds of box number

Second alarm will be given by striking three blows followed by box number

Third alarm will be given by striking three blows twice on gongs, bells and whistles

General alarm will be given by striking three blows three times on gongs, bells and whistles
